INTRODUCTION
and GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,000 city, county, state and national Directories, present to subscribers and the general public, this, the 1962 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, is the sixth major department, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the eighth major department, printed on white paper.

IX. THE STORY COUNTY FARMERS DIRECTORY is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The principal work of the National Animal Disease Laboratory, a facility of the U. S. Department of Agriculture located in Ames, Iowa, is research on the principal diseases of livestock that occur in the United States. About 20% of the facilities, however, are used to provide laboratory diagnostic services for some of the Department's disease-control field programs and for the regulation and control of biological products made and sold in inter-state trade by private commercial companies.

Currently research projects are under way on 21 major subjects and a number of minor ones. These include the most important diseases of cattle, swine, sheep and poultry. Some attention is given to horses and minor species of domesticated animals.

The laboratory was nearly enough completed to allow work to begin about July 1, 1961. The staff has gradually been augmented as the program has been developed. At present the staff consists of 121 professional and scientific workers and 305 sub-professional and non-professional employees, a total of 426 persons.

The total cost of constructing the laboratory was about $16,000,000 and the annual operating budget is in excess of $5,000,000.

The laboratory is located on Dayton Road on a 318-acre site a little east and north of the Ames city limits. From downtown Ames it may be easily reached by proceeding east

The National Animal Disease Laboratory

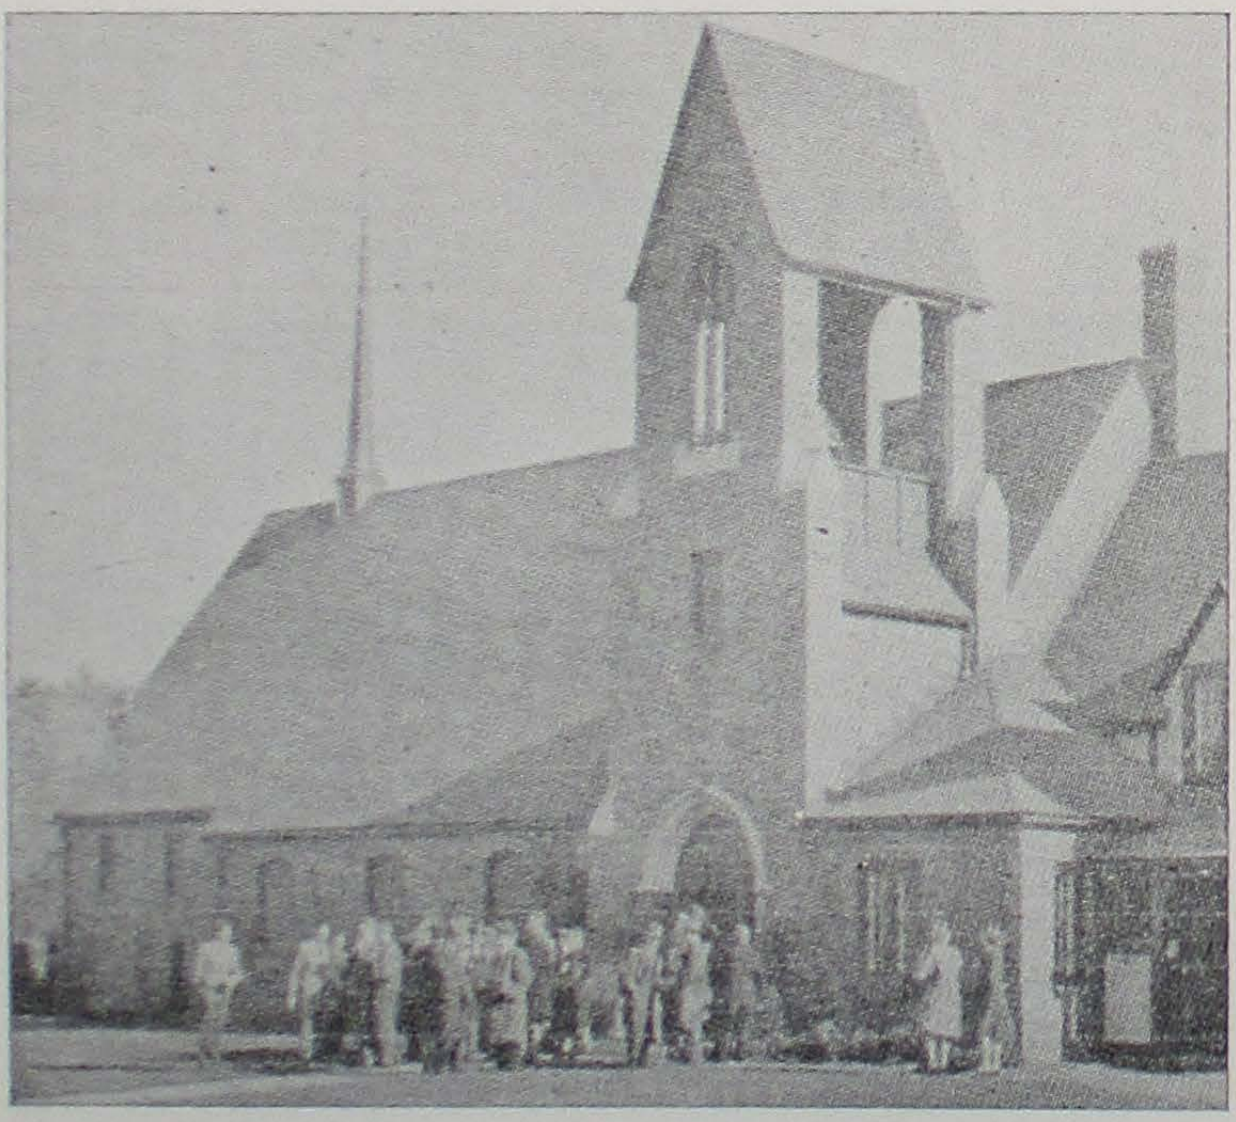

on Highway U. S. 30 to Dayton Road, thence northward, or by going northward on Highway U. S. 69 to 13th Street, thence east to Dayton Road and then northward. Special direction signs have been erected on both main highways to indicate the turn-off points.

Iowa State University of Science and Technology

Iowa State University of Science and Technology was founded in 1858, 12 years after Iowa became a state.

Colleges within the University are Agriculture, Engineering, Graduate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land grant institution, Iowa State has a threefold function:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Extension services in agriculture, engineering and home economics.

Front view of wall surrounding "hot cave" in "hot canyon" of Research Building. Heavy steel wall shields workers from radioactive materials in the cave. Special glass windows allow view inside, and remote manipulators (being used in picture) handle the radioactive materials. On front of wall also are electrical outlets of various voltages and types, vacuum lines, water lines, gas lines and compressed air lines. These lines can be run through special safety plugs to experiments which are set up within "hot cave."

The research facilities of the University include the Agriculture and Engineering Experiment Stations, the Institute for Atomic Research, the Industrial Science and Veterinary Medical Research Institutes and the Statistical Laboratory.

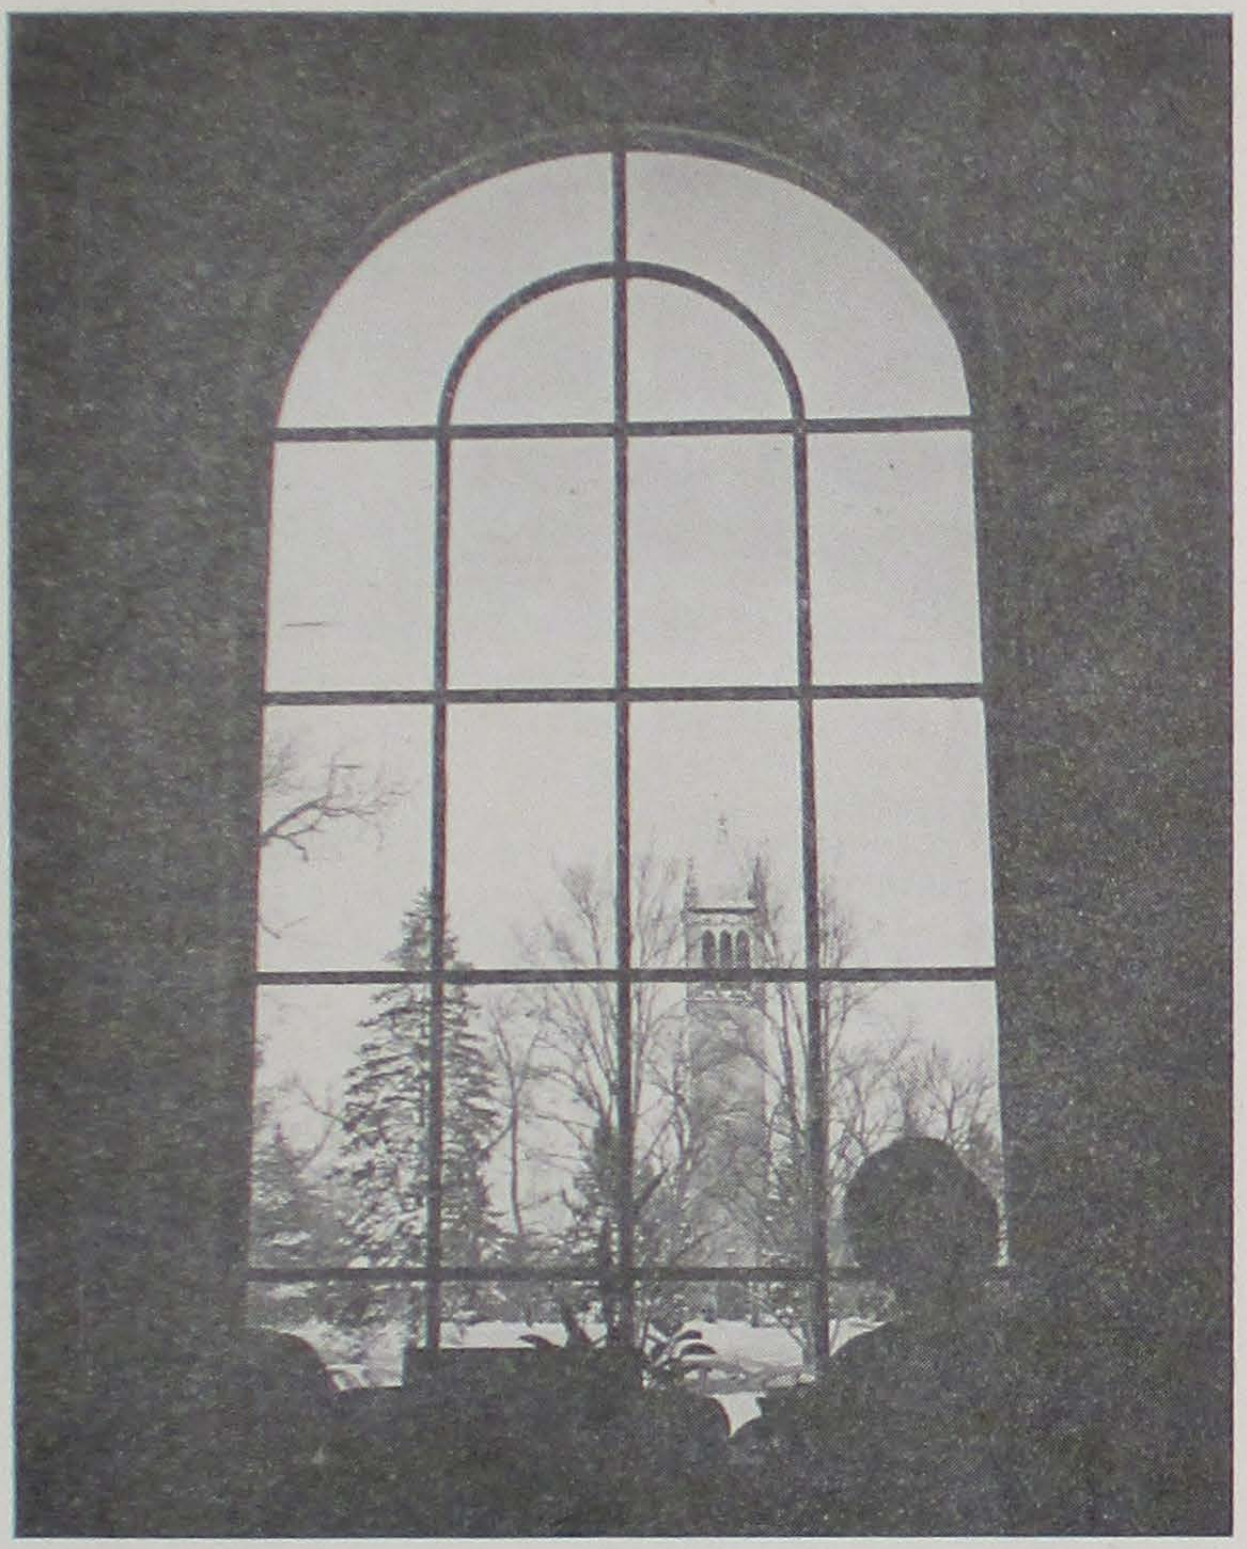

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

University enrollment for the fall quarter, 1962, was 10,887. The University staff of 4,316 includes:

Instructional personnel including deans and directors	1,283
Graduate assistants	858
County extension directors, home economists and youth assistants	275
Clerical, maintenance and service personnel	1,900

University land in Ames and throughout the state totals 7,540 acres with 986 acres in the main campus and recreation areas. The land is valued at $1,466,131.

The total value of University property is $65,651,498. Sixty-nine University buildings have an inventory value of $50,000 or more. University structures of all kinds number 461 with a value of $52,341,373. The Memorial Union, Alumni Hall, I. S. U. Press and the United States Atomic Energy Commission are owned by associated groups and are valued at $13,310,125.

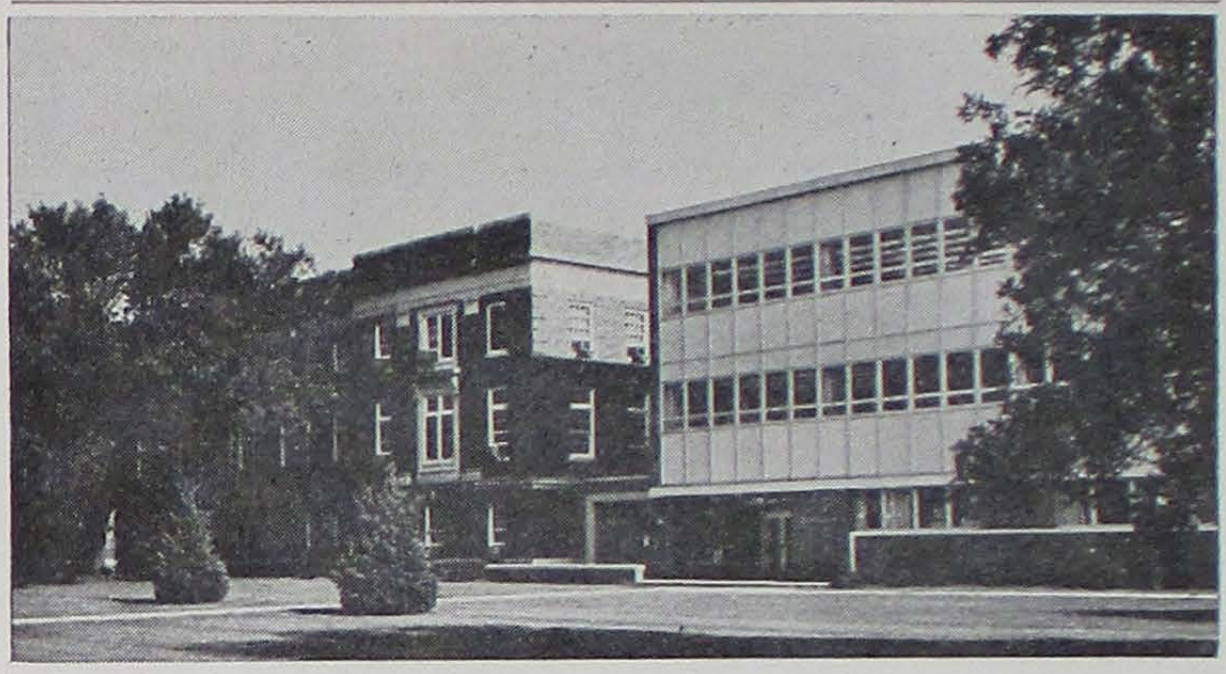

From a Memorial Union window, a co-ed looks at the Stanton Memorial Carillon. A memorial to Margaret McDonald Stanton, first dean of women, and her husband, Edgar W. Stanton, who served the University for 50 years, the carillon has 49 bells with a new keyboard large enough to accommodate 53 bells. Carillonneur Ira Schroeder gives regular concerts just before 8 a. m. each week day and shortly after 1 p. m. Longer concerts are performed on special occasions.

Total operating funds received by Iowa State University during the fiscal year ending June 30, 1962, from all sources was $41,741,917. Forty-five percent of these funds came from:

Student educational fees and tuition	$ 3,237,442
State appropriations	13,061,200
Federal appropriations	2,504,852

Income from research contracts, gifts and grants and residence rentals and food services and miscellaneous sources constitute the rest.

Central offices of the Iowa State Highway Commission in Ames, completed in 1961

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State University. In 1913, it was established as an independent department of the state government, and a three-member Commission was appointed, which in turn employed the first chief engineer.

The office at Ames is the headquarters for the state. In addition, there are six districts, 26 resident construction offices and 24 resident maintenance offices located throughout the state. These field offices play an important role in handling planning, construction and maintenance on the state's primary system, and in promoting good relations between the Commission and the public.

The Highway Commission is responsible for 8,759 miles of rural primary highways, 1,087 miles of primary extensions in cities and towns, 201 miles of state park and institution roads and joint control with the 99 boards of supervisors over 91,399 miles of secondary roads.

The annual business in fiscal 1961-62 totaled $86,952,-652.18 for primary roads and $19,663,518.44 on farm-to-market roads. Since the first law was enacted in 1917, accepting federal aid, $1,614,547,489.59 has been spent on the primary road and farm-to-market road systems under the Commission's supervision.

The Commission employs 3,434 engineers, administrative assistants and maintenance men in all of its departments. About 850 are located at Ames.

The Commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on street improvements on and adjacent to the capitol grounds, assistance to the National Guard on projects in connection with the National Guard camp, various other technical matters which may come before such other state departments.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises sixteen buildings, with a present total new replacement value of $8,893,348. This plant includes the new Senior High School that is not completed but has capacity to house the senior high school students; the downtown Central Junior High School building with its splendid auditorium and gymnasium facilities; the Welch Junior High and Elementary School; the Beardshear, Crawford, Edwards, Lincoln, North Grant, Meeker, Roosevelt, Sawyer and Willson Elementary Schools; the Field House and equipment. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment in October, 1962, was 4,900. The teaching staff numbers 247, and there are 51 other personnel—secretaries, cafeteria ladies and custodians. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels.

During the past twelve years seven different bond issues have successfully carried to authorize the construction of three new elementary schools, additions to five elementary schools, remodeling of the junior high school facilities and a new Senior High School. There were a total of 54 elementary classrooms with related facilities and 47 secondary classrooms in these construction projects. The new Senior High School is being constructed a unit at a time as funds permit on a beautiful, spacious 74 acre site. The third unit is now under construction. Some additional well-located sites have been acquired upon which to build more schools to meet the needs of the growing enrollment. While the enrollment of the Ames Public Schools has been increasing by about 250 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,300 city, county, state and national Directories, present to subscribers and the general public, this, the 1965 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing and the Taxpayers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of Ames and Nevada, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Ames and Nevada, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in

numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, is the sixth major department, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the eighth major department, printed on white paper.

IX. THE STORY COUNTY TAXPAYERS DIRECTORY is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The principal work of the National Animal Disease Laboratory, a facility of the U. S. Department of Agriculture located in Ames, Iowa, is research on the principal diseases of livestock that occur in the United States. About 20% of the facilities, however, are used to provide laboratory diagnostic services for some of the Department's disease-control field programs and for the regulation and control of biological products made and sold in inter-state trade by private commercial companies.

Currently research projects are under way on 21 major subjects and a number of minor ones. These include the most important diseases of cattle, swine, sheep and poultry. Some attention is given to horses and minor species of domesticated animals.

The laboratory was nearly enough completed to allow work to begin about July 1, 1961. The staff has gradually been augmented as the program has been developed. At present the staff consists of 121 professional and scientific workers and 305 sub-professional and non-professional employees, a total of 426 persons.

The total cost of constructing the laboratory was about $16,000,000 and the annual operating budget is in excess of $5,000,000.

The laboratory is located on Dayton Road on a 318-acre site a little east and north of the Ames city limits. From downtown Ames it may be easily reached by proceeding east on Highway U. S. 30 to Dayton Road, thence northward, or by going northward on Highway U. S. 69 to 13th Street, thence east to Dayton Road and then northward. Special direction signs have been erected on both main highways to indicate the turn-off points.

Iowa State University of Science and Technology

Iowa State University of Science and Technology was founded in 1858, 12 years after Iowa became a state.

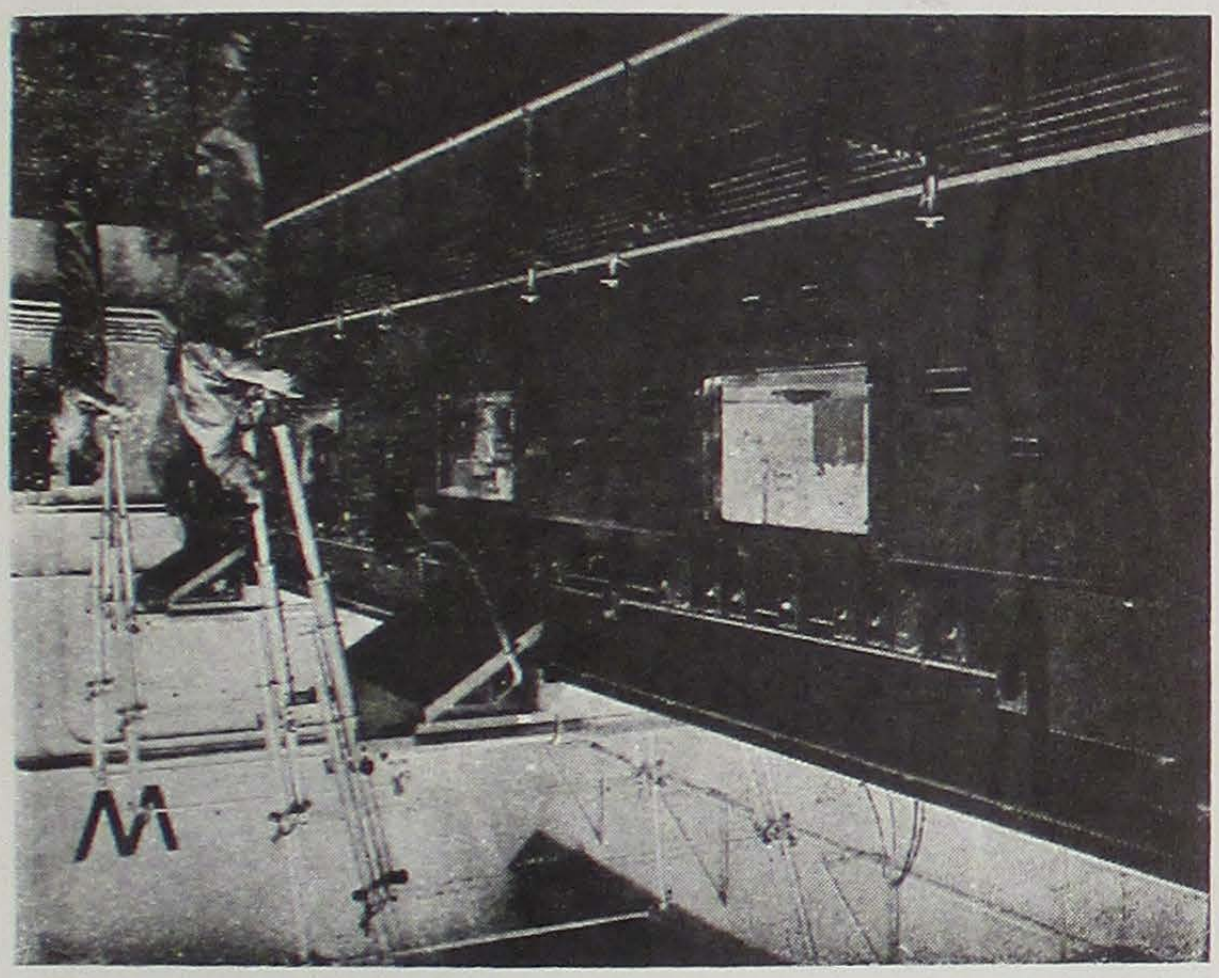

Colleges within the University are Agriculture, Engineering, Grad-

uate, Home Economics, Sciences and Humanities and Veterinary Medicine.

A federal land grant institution, Iowa State has a three-fold function:

1. Resident instruction on both the undergraduate and graduate levels.
2. Extensive programs of research.
3. Extension service in agriculture, engineering and home economics.

The research facilities of the University include the Agriculture and Engineering Experiment Stations, the Institute for Atomic Research, the Industrial Science and Veterinary Medical Research Institutes and the Statistical Laboratory.

Front view of wall surrounding "hot cave" in "hot canyon" of Research Building. Heavy Steel wall shields workers from radio-active materials in the cave. Special glass windows allow view inside, and remote manipulators (being used in picture) handle the radio-active materials. On front of wall also are electrical outlets of various voltages and types, vacuum lines, water lines, gas lines and compressed air lines. These lines can be run through special safety plugs to experiments which are set up within "hot cave."

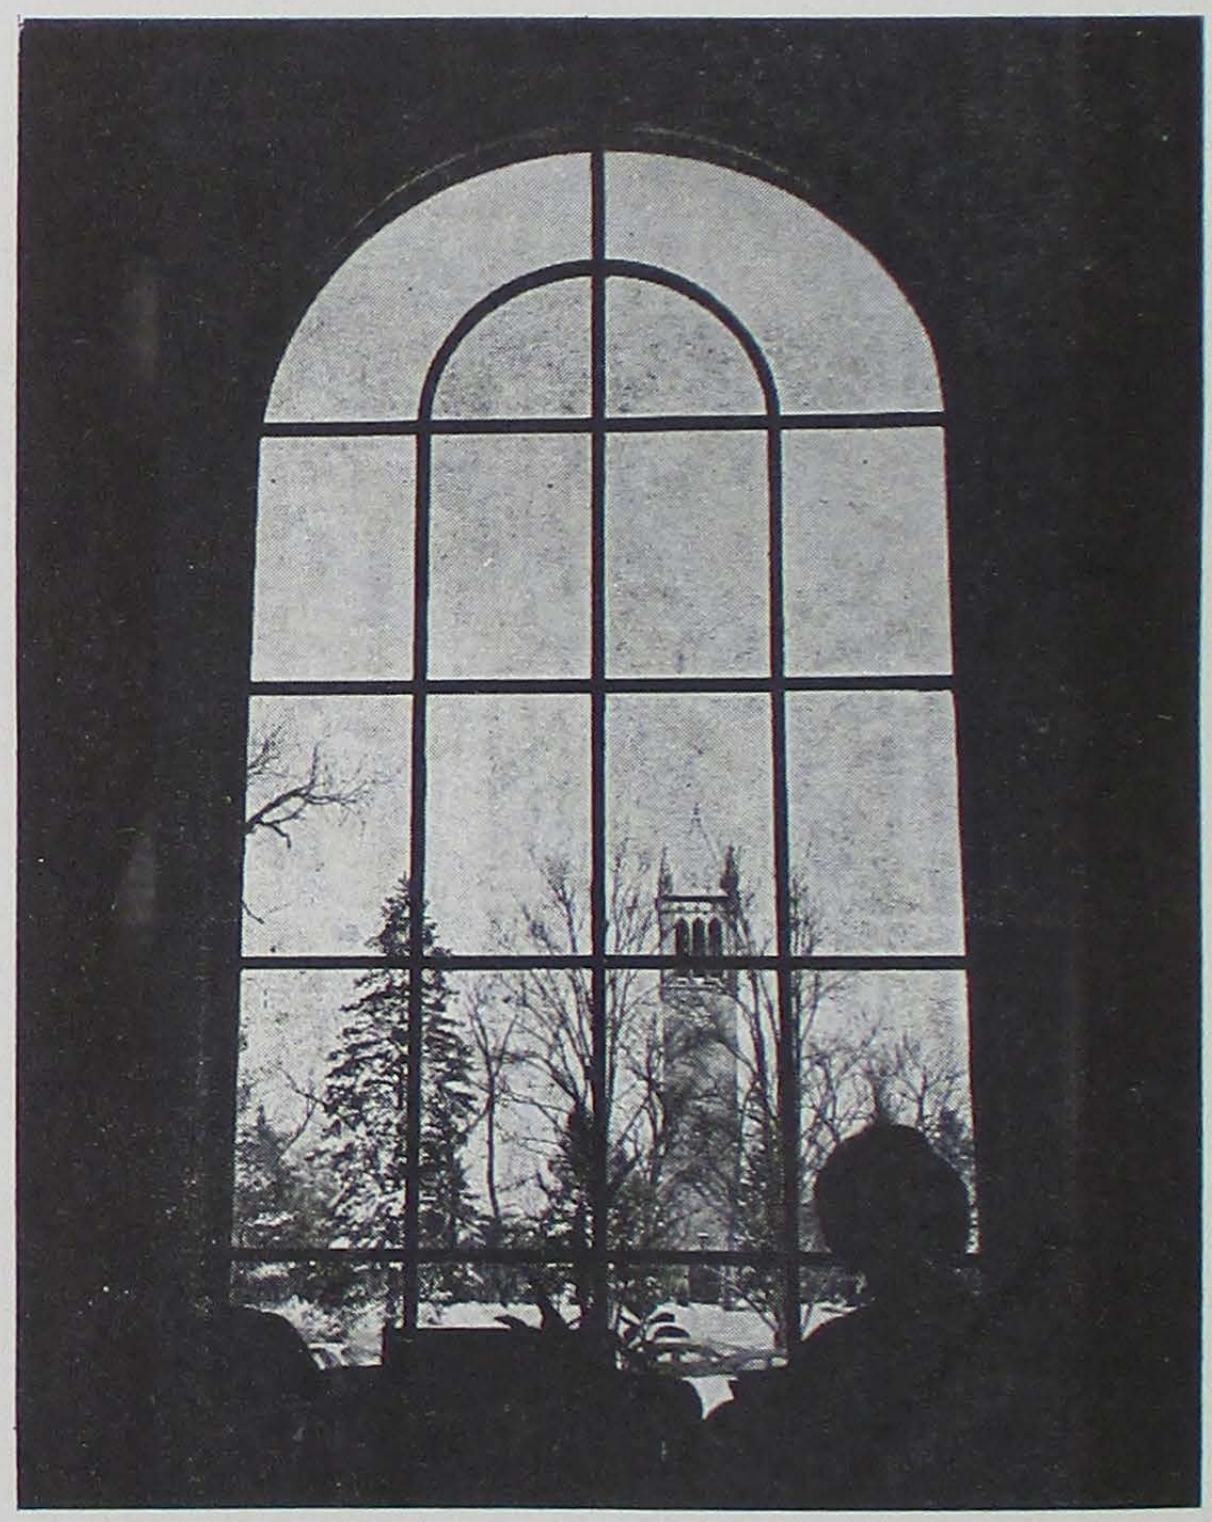

The United States Atomic Energy Commission has a major laboratory for basic research on campus, operated as an integral part of the Institute for Atomic Research.

University enrollment for the fall quarter, 1964, was 12,451. The University staff of 4,316 includes:

Instructional personnel including deans and directors	1,283
Graduate assistants	858
County extension directors, home economists and youth assistants	275
Clerical, maintenance and service personnel	1,900

University land in Ames and throughout the state totals 7,540 acres with 986 acres in the main campus and recreation areas. The land is valued at $1,466,131.

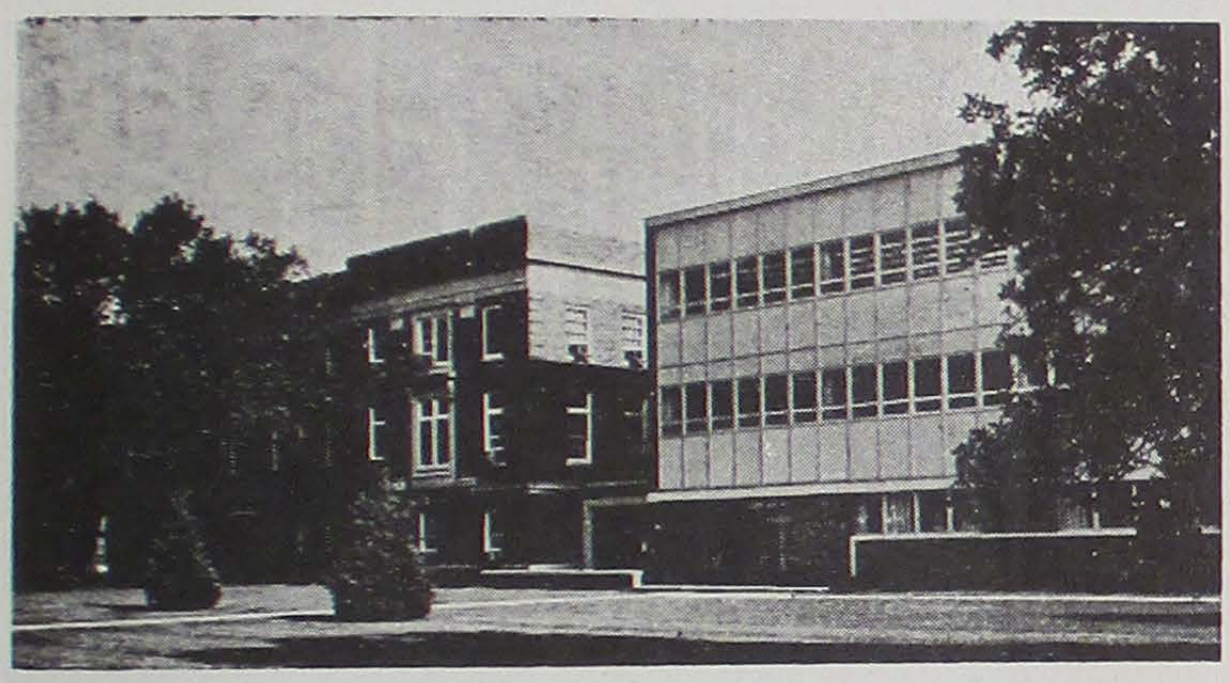

The total value of University property is $65,651,498. Sixty-nine University buildings have an inventory value of $50,000 or more. University structures of all kinds number 461 with a value of $52,341,373. The Memorial Union, Alumni Hall, I.S.U. Press and the United States Atomic Energy Commission are owned by associated groups and are valued at $13,310,125.

From a Memorial Union window, a co-ed looks at the Stanton Memorial Carillon. A memorial to Margaret McDonald Stanton, first dean of women and her husband, Edgar W. Stanton, who served the University for 50 years, the carillon has 49 bells with a new keyboard large enough to accommodate 53 bells. Carillonneur Ira Schroeder gives regular concerts just before 8 a. m. each week day and shortly after 1 p. m. Longer concerts are performed on special occasions.

The financial report of Iowa State University for the year ending June 30, 1964 is as follows:

State Appropriations	$16,693,950	31.80%
Federal Appropriations	2,925,725	5.57%
Student Fees	3,599,720	6.86%

	$52,502,651	100.00%

Central offices of the Iowa State Highway Commission in Ames, completed in 1961.

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State University. In 1913, it was established as an independent department of the state government, and a three-member Commission was appointed, which in turn employed the first chief engineer.

The office at Ames is the headquarters for the state. In addition, there are six districts, 25 resident construction offices and 24 resident maintenance offices located throughout the state. These field offices play an important role planning, construction and maintenance on the state's primary system, and in promoting good relations between the Commission and the public.

The Highway Commission is responsible for 8,793 miles of rural primary highways, 1,101 miles of primary extensions in cities and towns, 204 miles of state park and institution roads and joint control with the 99 boards of supervisors over 90,614 miles of secondary roads.

The annual business in fiscal 1963-64 totaled $105,092,291 for primary roads and $25,925,061 on farm-to-market roads. Since the first law was enacted in 1917, accepting federal aid, $1,876,981,257.36 has been spent on the primary road and farm-to-market road systems under the Commission's supervision.

The Commission employs 3,400 engineers, administrative assistants and maintenance men in all of its departments. About 850 are located at Ames.

The Commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on

street improvements on and adjacent to the capitol grounds, assistance to the National Guard on projects in connections with the National Guard camp, various other technical matters which may come before such other state departments.

AMES PUBLIC SCHOOLS

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the city. The school plant comprises sixteen buildings, with a present total new replacement value of $8,893,348. This plant includes the new Senior High School; the downtown Central Junior High School building and its splendid auditorium and gymnasium facilities; the Welch Junior High; the Beardshear, Crawford, Edwards, Lincoln, North Grant, Meeker, Roosevelt, Sawyer and Willson Elementary Schools.

Three projects are now in the construction or planning stage. A stadium with a well lighted football field and an all weather Grasstex track will be completed for use in the fall of 1965. Connected with the stadium will be a high school gymnasium and a joint city-school recreation building housing a 75' x 75' swimming pool as soon as construction can be completed, sometime in 1966. A new elementary school is being built in north Ames near Twentieth Street and Northwestern to serve the children in that area.

Pupil enrollment in January 1965 was 5,333. The teachers and other professional staff numbers 271. There are 62 other personnel — secretaries, cafeteria ladies, and custodians. The Ames schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels.

Prior to the projects mentioned above and during the past twelve years seven different bond issues were successfully carried to authorize the construction of three new elementary schools, additions to five elementary schools, remodeling of the junior high school facilities and a new Senior High School. There were a total of 54 elementary classrooms with related facilities and 45 secondary classrooms in these construction projects. The new Senior High School has been constructed a unit at a time as funds permitted on a beautiful, spacious 74-acre site. An auditorium is to be built sometime after the projects underway there now have been completed. Some additional well-located sites are being acquired upon which to build more schools to meet the needs of the growing enrollment. While the enrollment of the Ames Public Schools has been increasing by about 250 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high heath rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

WHY DO PEOPLE READ?

Experts say they read to satisfy
a hunger for self improvement

THE
AMES DAILY
TRIBUNE

satisfies that hunger because it is edited for people who live in the Ames trade area . . . The Tribune is literally filled with the news Ames area residents are willing to pay for to read . . . And they are YOUR customers

Remember . . . Everyone Who Reads, Reads

THE DAILY NEWSPAPER

AUDITED PAID CIRCULATION ABC

There is no guess work about The Tribune circulation

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

MORE PEOPLE SEE CITY DIRECTORY ADS!

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.

MORE PEOPLE
SEE CITY DIRECTORY ADS!

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

MORE PEOPLE ARE SEEING CITY DIRECTORY ADS

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1965

Copyright, 1965, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL ● FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

Statistical Review

Location—In the geographic center and the county seat of 50,000 population Story County. Bisected by U. S. Highway 30 and on the main line of the Chicago and Northwestern and on the Rock Island railroad running from the Twin Cities to Kansas City. Excellent bus service all directions with good connections for motor freight deliveries.

Housing has boomed in Nevada. A population growth from 3,750 to 4,230 in 10 years has seen two new "additions" fill with modern homes like these in southeast Nevada. Two additions are being completed now.

Agricultural Wealth—Nevada is located nearly in the geographic center of the state and centers one of the greatest agricultural areas in the world. The County Extension office is located here with all the activities of a scientific and educational program for Story County farmers and their children. There is also the ASC office, administering government programs for Story County agriculturalists, and the SCD department, handling conservation projects on county farmlands. In 1960 Story County raised 10,867,733 bushels of corn.

Weather—Rainfall averages 35 inches per year.

Municipal Bonded Debt—$142,000 general obligation bonds (Jan. 1, 1962).

Trade Area—Farmers' trade center for greater part of Story County.

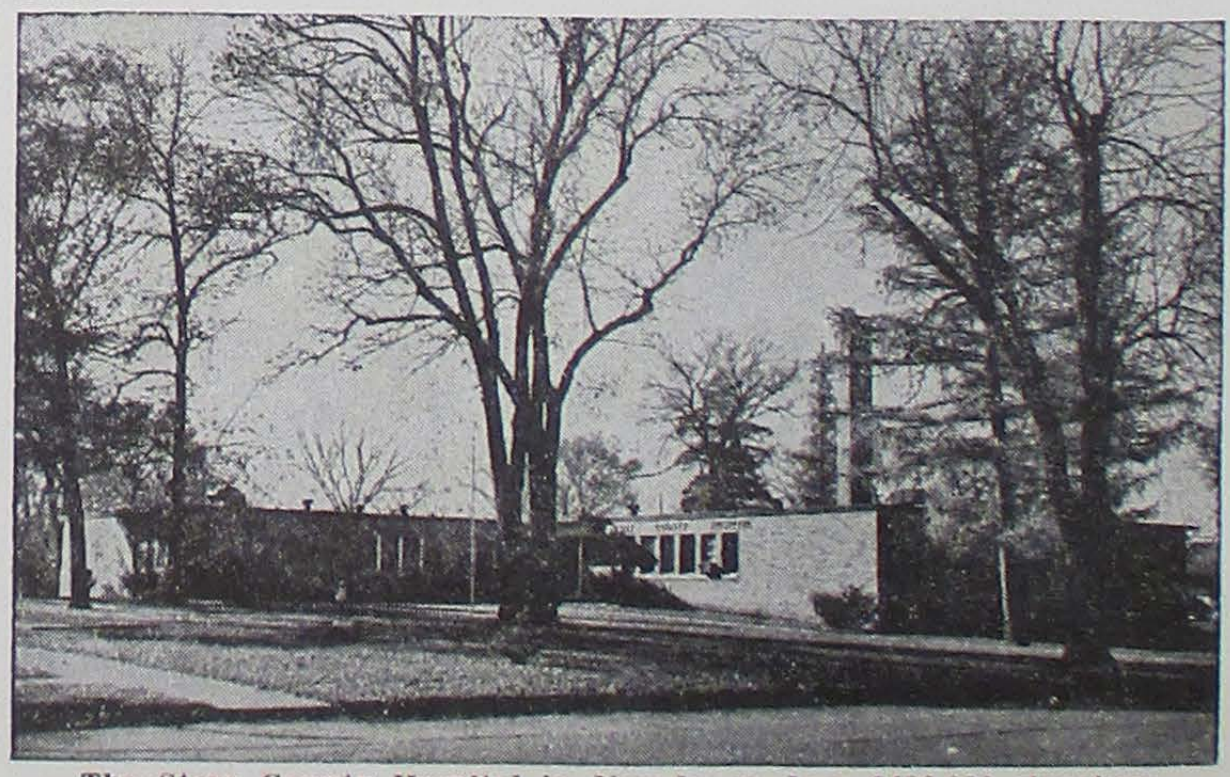

Utilities—Natural gas, Iowa Electric Light and Power Company, city water, 220 blocks of paved streets, new $257,000 sewage disposal plant put in operation September, 1962.

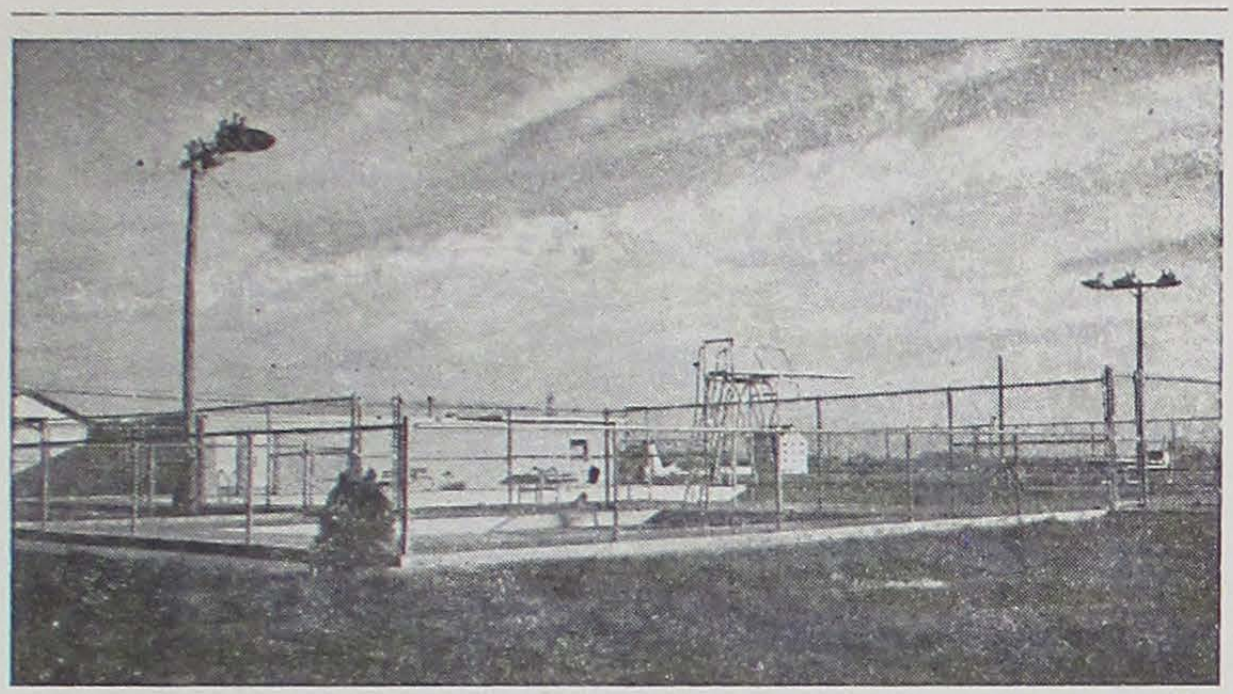

Nevada's Reuben H Donnelley plant employes 500 persons and in peak operation twice that number. It is the town's largest employer and exerts a tremendous force in Nevada's community life.

Business—Approximately 165 retail establishments, 17 industries; 2 banks with deposits of about $11,000,000, plus Nevada Federal Home Loan and National Farm Loan establishments; Reuben H Donnelley Corp. plant employing 500 persons; General Telephone system serving six communities; Continental Sales Co., manufacturer of fertilizer blending plants; Graphic Forms, employing 100, printing sales forms; Continental Fertilizer; and the Nevada Brick and Tile Factory; Municipal Airport. Only eight miles from multi-million dollar National Animal Disease Laboratory. One modern hotel and three motels. Two cabin and trailer camps. Federal Post Office is one of the largest in the U. S. for community of 4,300 people. Community served by six-day daily newspaper with a circulation of 4,100.

Health—Community has three medical doctors, one osteopath and two chiropractors. Nevada is the site of a $400,000 county hospital built in 1951 and recognized as one of the most modern and efficient for its size in the United States.

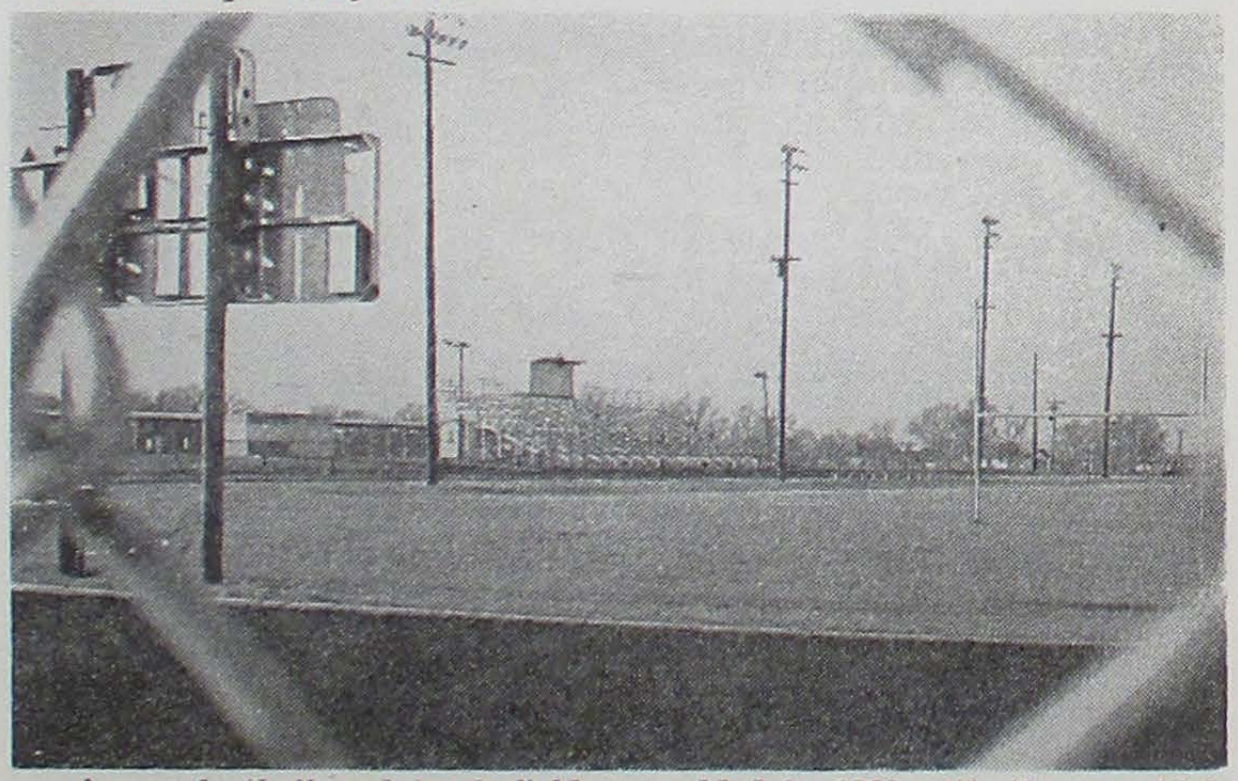

The Story County Hospital in Nevada, modern $400,000 structure errected in 1951.

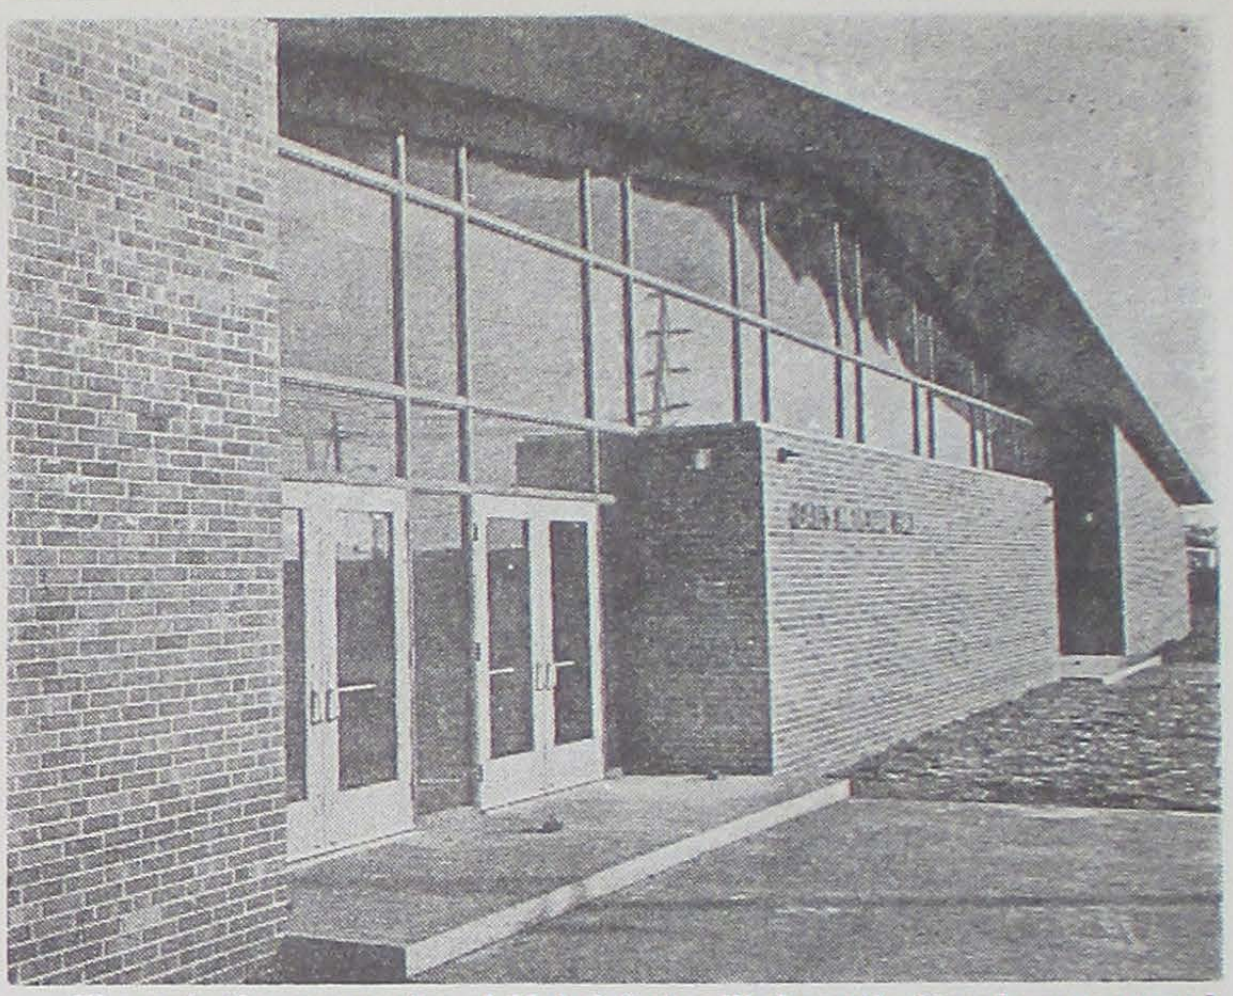

Nevada's new (1957) swimming pool was built with $75,000 in donated money. Kids from all over East Story County come here to take part in summer Red Cross water safety programs and just to have fun.

Recreation—Lighted baseball park, field house, football field, summer softball leagues, three gymnasiums, motion picture theatre, country club and grass green golf course, $75,000 swimming pool completed in 1957, new $300,000 community building slated for completion in spring, 1963 two tennis courts and an outdoor basketball court to be used for ice skating in winter to be built soon. Two beautiful parks supplement city recreational assets and a continuous program of improvement is handled by the City Park Board.

Social Organizations—Rotary, Lions, Wa-tan-ye, Soroptimist, Toastmaster International, Women's Club groups, Hiking and Camping Associations, Boating Club, Boys and Girls Scouts, Brownies and Cubs, Golden Age Club, VFW, Newcomers Club, American Legion and Auxiliaries, Rebecca, Masonic, Odd Fellow Lodges, Eastern Star and two restricted membership study clubs.

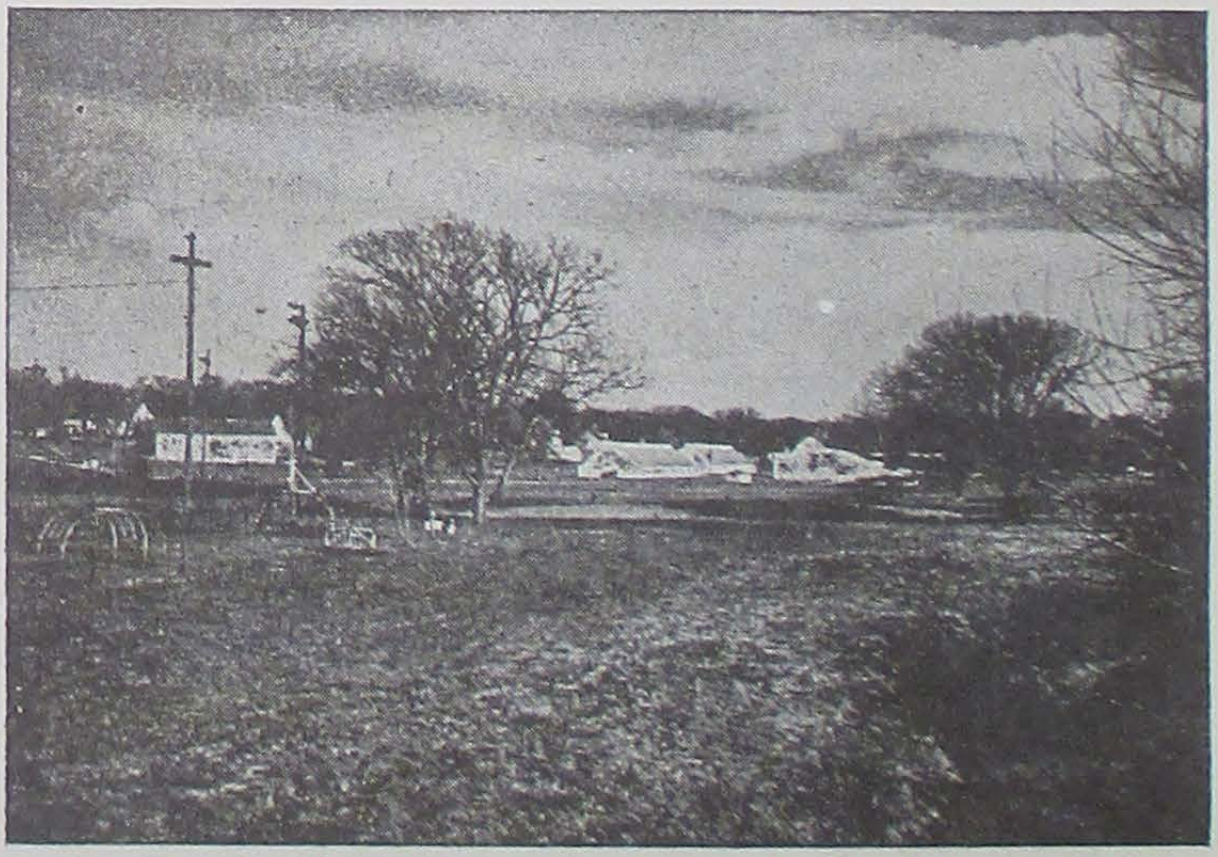

A new football and track field was added in 1963 with the new high school facilities It is equipped with lights and an electric score board to take care of all games, day or night. Permanent bleachers give adequate space for large crowds.

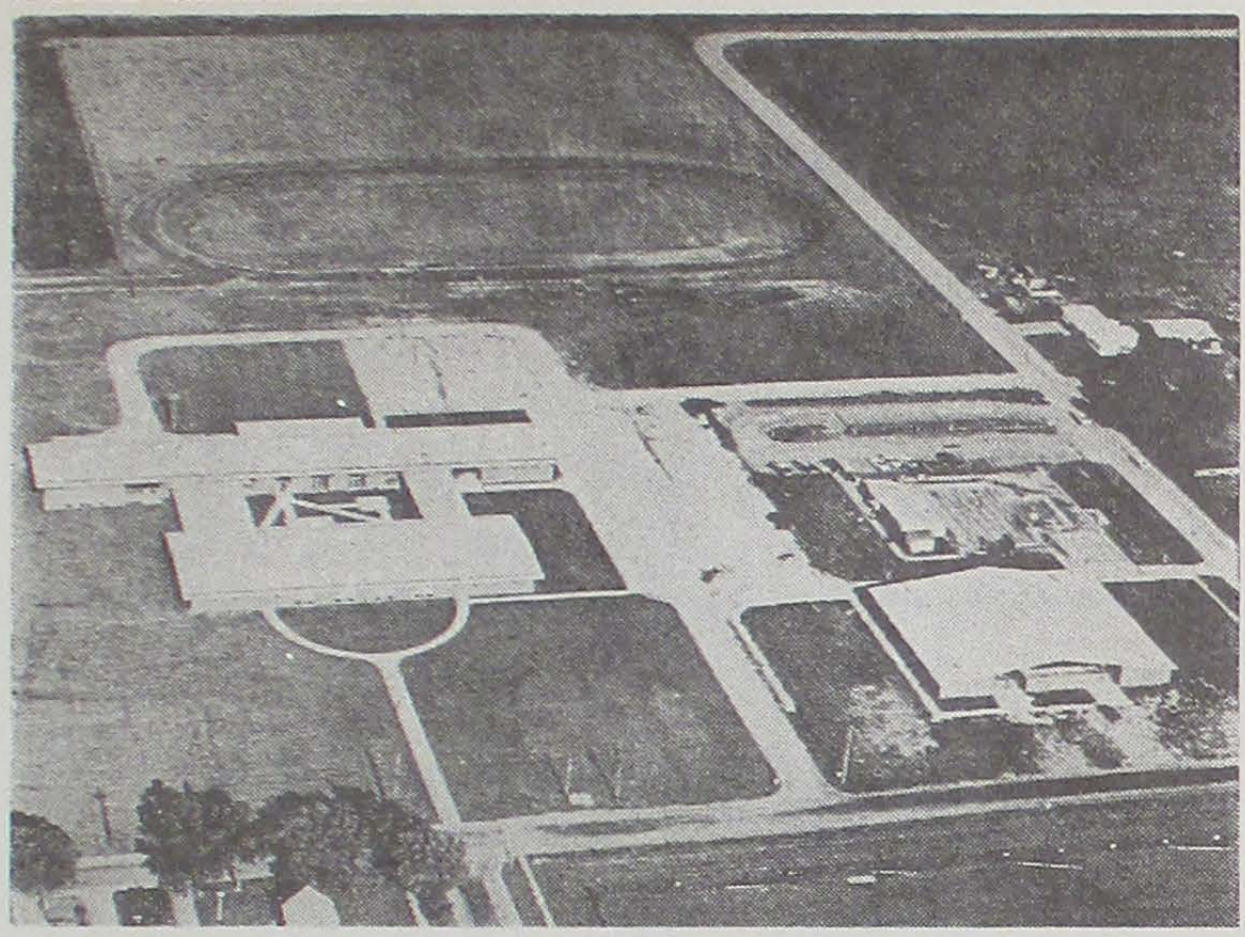

Through the generosity of Mabel Gates Wadsworth, Nevada was named beneficiary at her death and Gates Memorial Hall became a reality. With a large auditorium, a capacity of 800, an ultra modern lobby and ticket office, and two separate meeting rooms, this building serves any and all community activities.

Education—A new $650,000 high school was completed in the summer of 1962, highlights several years of growth into the strongest and most centrally located system in the county. An enrollment of 1,485 was registered in 1962, with

City Park Board funds have helped turn Nevada's 4-H grounds into a summer recreational park for children and adults. West Indian Creek meanders down along the south edge of the grounds. In late summer Story County youngsters use the barns for a big 4-H fair.

An Aerial View of Nevada's new educational complex shows the new senior high school at the left, the Gates Memorial Community Building at the lower right, the community swimming pool behind the community building, and the athletic stadium and track in the background.

---

398 in the three-year senior high school. A new $200,000 elementary school was built in 1955. The Seventh Day Adventist Church also operates a high school in Nevada with about 140 pupils attending Oak Park Academy and an S.D.A. Parochial grade school. The City maintains an excellent library within excess of 9,000 volumes.

Fire Protection—A highly-trained volunteer unit with a full-time paid chief. It operates city and rural units equipped with two-way radio. Fire loss is extremely small.

A recently completed economic survey of the twelve township trade areas of Nevada is guiding the retail community to growth through better service . . . an indication that the town's 19 per cent population growth in the last ten years will be sustained in the coming years by an active and alert citizenry anxious to maintain Nevada's reputation as a good business town and an excellent place to raise a family.

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1965

Copyright, 1965, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL ● FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

REACH YOUR BEST PROSPECTS---in your city, county, state or nation-wide---the fastest, surest, most economical way---by using. . .

POLK'S AUTO REGISTRATION LIST: Automatic selection of your prospects by the most practical "mass income" yardstick ever devised.

POLK'S CHILDREN LIST: Automatic selection of families in your trading area by number, age and sex of children, and median family income.

POLK DIRECTORIES: Uniquely thorough coverage of home owners and business firms in your city and over 5,000 other cities and towns.

POLK SPECIAL LISTS: Manufacturers, Wholesalers, Retailers, Government Officials, Contractors, Engineers, Barbers, Dentists, Dairies, 35,000 special categories in your market area or across the nation.

We handle your entire promotion, or any phase you want. Building a dynamic "offer," producing the printed pieces, addressing, mailing.

THE
CITY DIRECTORY

CITY DIRECTORY USAGE SOARS TO NEW HIGH!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.
